Experience

August 2023 — today

Full-Stack Web Developer

Club Cuisine et salle de bain BCBG, Laval

I was responsible for designing website layouts and prototypes using Figma, as well as building multiple websites from scratch using technologies like WordPress, Elementor, HTML, CSS, JavaScript, Nuxt 3, Node.js, NoSQL, and other relevant tools. I worked closely with clients to optimize the website's SEO and improve its search engine ranking.

May 2023 — August 2023

Full-Stack Web Developer

Gofbee Inc, Montreal

As a web developer, I've been involved in creating and maintaining Laravel-based websites. My responsibilities have included designing secure databases, integrating external APIs, crafting user-friendly mock-ups using Figma, developing user interfaces with Vue.js and React.js, optimizing performance, and working closely with both design and development teams.

April 2023 — May 2022

Web Developer

Le Survivaliste Inc, Montreal

I have worked on the development and maintenance of applications, collaborated with designers, optimized performance, conducted quality tests, improved the database, updated front-end interfaces, all while ensuring system optimization and support.
